

Pranav Vivek Sadwelkar

B.E Computer Science & Engineering · Fresher · Internship

sadwelkarpranav12@gmail.com | +91 7887 91 4787 | Banda 416511, Maharashtra | [linkedin.com/in/pranavsadwelkar](https://www.linkedin.com/in/pranavsadwelkar) | github.com/pranav-1205

S U M M A R Y

Computer Science student specializing in Linux/cloud infrastructure (RHCSA, EX188) and applied AI agent systems. Built a multi-agent LLM application combining real-time geospatial data with LangGraph orchestration, alongside hands-on security tooling and a hackathon podium finish.

E D U C A T I O N

B.E. in Computer Science & Engineering

2023 – 2027 (expected)

Mumbai University | Yashwantrao Bhonsale Institute of Technology · Sawantwadi, Maharashtra

CGPA (current): 8.8 / 10 · Relevant subjects: Operating Systems, Computer Networks, Database Management Systems.

Class 12 (HSC) · Goa Board of Higher Secondary Education

2023

DM's PVS SM Kushe Higher Secondary School · Mapusa, Goa · Percentage: 69%

P R O J E C T S

AIDRAC – Agentic AI Disaster Response Coordinator — Personal | In Development

Tech Stack: Python, LangGraph, Gemini API, React, Leaflet, OSRM/OpenRouteService, OpenStreetMap · github.com/pranav-1205/AIDRAC

- Built a full-stack disaster-response platform pairing a Gemini-powered multi-agent system (LangGraph) with live geospatial data to surface safe routes and nearby emergency resources.
- Designed concurrent Weather, Alert, and Infrastructure agents for AI decision support, with per-incident state persisted across requests.
- Ingested live CAP alerts from IMD/NDMA RSS feeds with deduplication and polygon-based geofencing to filter alerts by exact location.
- Built a weighted safe-destination scoring algorithm over live OSM data (hospitals, shelters, police, fire) with OSRM/OpenRouteService turn-by-turn routing and Haversine fallback.
- Added JWT authentication, an admin oversight dashboard, and a themeable UI (dark/light/system, multiple accent palettes).

Penetration Testing Framework API — Team Project | College

Tech Stack: Python, Flask, Cybersecurity

- Contributed to a team-built penetration testing framework for automated network scanning and vulnerability assessment.
- Assisted with backend API integration for tools including Nmap, SQLMap, and Hashcat.
- Supported database integration and logging/report generation features.

ColdGuard – Cold Storage Monitoring Dashboard — Team | Hackathon

Tech Stack: React.js, Node.js, Express.js, MySQL · github.com/TEJASPATIL0710/ColdGuard

- Led development as the primary contributor (2-person team) on a temperature monitoring and cooling system simulation dashboard with frontend-backend integration and API-based simulation controls.
- Built core monitoring features, event tracking, and real-time simulation workflows for the hackathon submission.
- Presented the project during the hackathon and secured 3rd place.

Real-Time Collaborative Notes Application

Personal Project

Tech Stack: React, Node.js, Express.js, MongoDB, Socket.IO, Yjs

- Built a real-time collaborative note-taking application enabling multiple users to edit shared documents simultaneously.
- Implemented WebSocket-based synchronization, active user tracking, and autosave functionality using MongoDB persistence.

S K I L L S

- Programming Languages: C, Python, Java, JavaScript
- Web Development: HTML, CSS, React.js, Node.js, Express.js
- Databases: MySQL, MongoDB
- Linux & DevOps: Linux Administration, Git, GitHub, Podman, OpenShift Fundamentals
- Agentic AI: LangGraph, Gemini API, Multi-Agent Orchestration, Prompt Engineering
- Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, REST APIs

A C H I E V E M E N T S & C E R T I F I C A T I O N S

- Ranked 3rd in QUANTEXERA Hackathon · 2026
- RHCSA (Red Hat Certified System Administrator) - Red Hat · 2026
- Red Hat Certified Specialist in Containers (EX188) - Red Hat · 2026
- Solved 95+ problems on LeetCode with a contest rating of 1418 and ranked in the top 75% globally after participating in coding contests

E X T R A - C U R R I C U L A R S

- Non-Technical Head of Computer Department at YBIT
- Secured 1st place in Inter-Institute Table Tennis Doubles competition
